Product Discontinuance Notification (PDN) No: DPG-RFMW-TS 2018-001

Subject: Select Microsemi Power Transistor Products EOL Notification

Description:

Microsemi is announcing the discontinuance of select RF power transistor products that are currently being offered by Microsemi Discrete Product Group (DPG), RFMW Business Unit. The products indicated in this PDN are being discontinued and will no longer be available from Microsemi.

Reason for Discontinuance:

These products are being discontinued due to low sales trends and increasing manufacturing costs.

Customer Impact:

Microsemi recommends that customers using these PDN products place last time buy (LTB) orders. Some PDN products are limited in availability due to material shortages. Orders will be supported on a first-come-first-serve basis and are non-cancelable and non-returnable. All other Microsemi Standard Terms and Conditions apply to the LTB order (see: <https://www.microsemi.com/company/terms-and-conditions>).

Replacement Parts:

There are no replacement parts for these PDN products.

Last Order Date: Dec 20, 2017.

Please note: Since this PDN LTB is supported on a first-come-first-serve basis, and to anticipate order processing time, Microsemi recommends customers place immediate orders. Orders that are placed closer to the Last Order Date may not be completed due to production and material constraints.

Last Shipment Date: March 30, 2018

Products Affected by this Discontinuance: See attached list:
